

Mother and Daughter *Science Camp*

2024 Science Camp Session Schedule

The Mother and Daughter Camp is a program that brings 4th and 5th grade girls and their mother, or another significant adult, together to do interesting and stimulating hands-on science experiments, creative math, engineering and computer activities.

Each Session is two hours. Participants attend all 8 sessions. These sessions are taught by women educators from UC Merced and our local area. The participants see the connections between experiments and application to our world.

The cost for the program is \$40 per mother/daughter pair. Partial scholarships are available. (see attached registration form) Spaces are limited, so please register early to reserve your spot. A final schedule will be sent to each selected participant.

The Science Camp is sponsored by the Merced Branch of the American Association of University Women.

Schedule of Sessions

Date	Activity	Location
Fri., Jan. 5, 4-6 pm	Orientation	MCOE - Clark Room
Sat., Jan. 6, 2024	Soil Sci/Archaeology	STEAM Center/Ada Givens
Sat., Jan. 13, 2024	Biology	STEAM Center/Ada Givens
Sat., Jan. 20, 2024	Chemistry	UC Merced - BSP 103
Sat., Jan. 27, 2024	Computer Science	Hoover Middle School
Sat., Feb. 3, 2024	Math	MCOE - Clark Room
Sat., Feb. 10, 2024	Physics	MCOE - Clark Room
Sat., Feb. 24, 2024	Engineering	STEAM Center/Ada Givens
